In view of applicant's response dated 3/6/2007 following final office action is necessitated.

Claim Objections

1. Claims 1-44 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

The independent claim 1 reads on an adhesive composition comprising functionalized polyolefin. This polyolefin comprises C3 to C40 functionalized polyolefin and the polyolefin comprises at least 50 mole % of polyolefin having one or more C3 to C40 olefins. This claim is confusing since it seems like the applicants are limiting their claims (line 2 claim 1) to C3-C40 olefins, yet dependent claims require ethylene, which is C2. Although applicant's representative indicated that the claims do not exclude ethylene, the examiner requests that such explanation be made of record.

Double Patenting

2. Double Patenting rejection of record over the applications 10/825349, 10/686,951, 10/825,348 and 10/687,508 as stated in paragraphs 3-6 of the office action dated 11/6/2006 are incorporated here by reference.

3. Applicant's arguments dated 3/6/2007 are considered moot due to discontinuation of the prior art against present claims. The rejections are withdrawn since none teach functionalized olefinic polymers. Present claims require olefin to be branched and functionalized. Therefore branching is not viewed as functionalization.

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

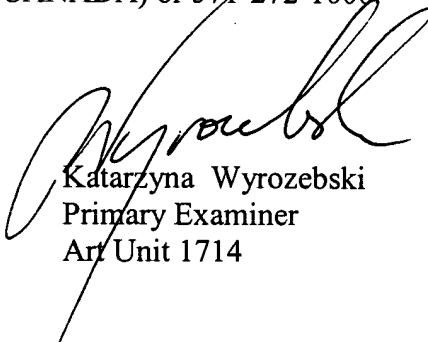

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
